**Base Nation: How U.S. Military Bases Abroad Harm America and the World (American Empire Project)** By David Vine

**From Italy to the Indian Ocean, from Japan to Honduras, a far-reaching examination of the perils of American military bases overseas**

American military bases encircle the globe. More than two decades after the end of the Cold War, the U.S. still stations its troops at nearly a thousand locations in foreign lands. These bases are usually taken for granted or overlooked entirely, a little-noticed part of the Pentagon's vast operations. But in an eye-opening account, *Base Nation* shows that the worldwide network of bases brings with it a panoply of ills—and actually makes the nation less safe in the long run.

As David Vine demonstrates, the overseas bases raise geopolitical tensions and provoke widespread antipathy towards the United States. They also undermine American democratic ideals, pushing the U.S. into partnerships with dictators and perpetuating a system of second-class citizenship in territories like Guam. They breed sexual violence, destroy the environment, and damage local economies. And their financial cost is staggering: though the Pentagon underplays the numbers, Vine's accounting proves that the bill approaches \$100 billion per year.

For many decades, the need for overseas bases has been a quasi-religious dictum of U.S. foreign policy. But in recent years, a bipartisan coalition has finally started to question this conventional wisdom. With the U.S. withdrawing from Afghanistan and ending thirteen years of war, there is no better time to re-examine the tenets of our military strategy. *Base Nation* is an essential contribution to that debate.

### **Editorial Review**

#### **Review**

"Vine recommends comprehensive shutdowns, and his presentation is eloquent and persuasive." ---  
Publishers Weekly Starred Review

#### **About the Author**

David Vine is the author of *Island of Shame: The Secret History of the U.S. Military Base on Diego Garcia* and an associate professor of anthropology at American University in Washington, D.C. His writing has appeared in the *New York Times*, the *Washington Post*, and *The Guardian*, among other publications. He lives in Washington, D.C.

Jonathan Yen was inspired by the Golden Age of Radio, and while the gold was gone by the time he got there, he's carried that inspiration through to commercial work, voice acting, and stage productions. From vintage Howard Fast science fiction to naturalist Paul Rosolie's true adventures in the Amazon, Jonathan loves to tell a good story.
