Editorial Review

About the Author

Ferghanistan: The War On Police is the first book by nationally recognized police spokesman and former Missouri State Representative, Jeff Roorda. In the aftermath of the shooting of Michael Brown by Ferguson Police Officer Darren Wilson and other high-profile deadly encounters between police and suspects elsewhere, Roorda, the spokesperson for the Fraternal Order of Police in St. Louis, was propelled into the national spotlight. In hundreds of broadcast and print interviews, Roorda relentlessly defended police officers who he believed acted properly, and defiantly challenged what he called the “hands-up; don’t shoot” myth that took hold in the wake of the Ferguson shooting. Roorda, a frequent guest commentator on CNN and Fox News Network, emerged as the most powerful pro-police voice during a time in history when law enforcement came under unprecedeted and unwarranted criticism from protestors, the press, and politicians alike. Roorda, a retired police chief and decorated undercover narcotics detective, was serving his last days in the Missouri House of Representatives due to term limits when hostilities broke out in Ferguson. He spent his waning moments in public office criticizing Eric Holder, Barrack Obama, and other members of his own party for their botched handling in Ferguson, and for fanning the flames of what he dubbed The War On Police. Roorda’s un-retreating, bare-knuckles style comes bursting through the pages of his book as he sets the record straight with a sober, candid, and insightful examination of policing and race relations in America.
