### **Editorial Review**

#### **Review**

Reading this book brought back wonderful memories of great animal stories I enjoyed as a child. It's filled with good science information about a familiar topic that children will find very interesting. My favorite section focused on the guinea pig's pups --NSTA

An introduction to the life cycle of a guinea pig from the time a tiny pup is born until, eight months later, it is fully grown and ready to start a family. Clear, colorful photographs with several different kinds of guinea pig featured at different stages --Clark County School District Library Services

#### **About the Author**

Angela Royston has written many books for young people, including books about people at work, animals, health and the environment.

### **Users Review**
