**Mathematical Lateral Thinking Puzzles** By Paul Sloane, Des MacHale

Add a little math to your lateral thinking! Paul Sloane and Des MacHale, the crown princes of lateral thinking, have provided a cool twist to test solvers' skills. They present you with mathematical conundrums . . . but instead of requiring brute calculating power, each puzzle relies upon a clever insight or unexpected shortcut. You'll get a brain-busting workout you'll never forget!

### Editorial Review

#### About the Author

Paul Sloane studied engineering at Cambridge University and works in software marketing. His passion for lateral puzzles started when he met a dwarf standing on a block of ice in an elevator. His first book, *Lateral Thinking Puzzlers*, was published by Sterling in 1991, and has gone on to become a bestseller.

Des MacHale is Associate Professor of Mathematics at University College in Cork. He has written more than 40 books, including one on John Ford's classic film *The Quiet Man* and another on George Boole of Boolean algebra fame. MacHale and his wife, Anne, have five children.

Following a chance meeting between Paul Sloane and Des MacHale in 1991, the two have written many popular books of lateral thinking puzzles, all published by Sterling.

### Users Review

#### From reader reviews:

##### Bella Singer:

Have you spare time to get a day? What do you do when you have considerably more or little spare time? Sure, you can choose the suitable activity with regard to spend your time. Any person spent their very own spare time to take a move, shopping, or went to often the Mall. How about open or even read a book titled Mathematical Lateral Thinking Puzzles? Maybe it is to be best activity for you. You know beside you can spend your time with your favorite's book, you can cleverer than before. Do you agree with its opinion or you have other opinion?

##### Betty Williams:

Reading a reserve can be one of a lot of task that everyone in the world really likes. Do you like reading book and so. There are a lot of reasons why people enjoy it.
