Editorial Review

From the Back Cover

Want to make a big bet for an even bigger return? Start thinking small!

Penny Stocks For Dummies arms you with the information, advice, and tools you need before considering an investment in penny stocks. You'll also get expert guidance on identifying growth trends and market sectors positioned for rapid growth, finding undiscovered penny stocks, and understanding the fundamentals of a potential investment in penny stocks. If you don't have a lot to invest right now but do want to multiply what you have, penny stocks are for you!

- Penny Stocks 101 — find out how the tiny shares are defined and understand how they're different than (and often superior to) stocks from larger companies
- Make cents of stocks — develop your own research and investing strokes and strategies before you spend even a single penny on low-priced stocks
- Grab your gains — discover how using important trading methodologies and effective (yet simple) analysis techniques can capture some exciting gains
- Get rid of guesswork — use financial ratios and an abstract review to eliminate almost all of the guesswork and turn a small investment into a tidy profit

Open the book and find:

- Rapid result tactics to instantly improve your trading
- Key considerations when investing in any company
- Trading truths that'll put you in a better investing position
- The tools you need to make sound investments
- Ways to identify growth trends
- How to find undiscovered penny stocks
- The fundamentals of a potential investment

Learn to:

- Grasp the basics of penny stocks
- Make sound investments
- Identify growth trends and market sectors positioned for growth
- Find undiscovered penny stocks
