What Does It Mean to Be White?: Developing White Racial Literacy (Counterpoints) By Robin diAngelo

What does it mean to be white in a society that proclaims race meaningless yet is deeply divided by race? In the face of pervasive racial inequality and segregation, most whites cannot answer that question. Robin DiAngelo argues that a number of factors make this question difficult for whites: miseducation about what racism is; ideologies such as individualism and colorblindness; defensiveness; and a need to protect (rather than expand) our worldviews. These factors contribute to what she terms white racial illiteracy. Speaking as a white person to other white people, Dr. DiAngelo clearly and compellingly takes readers through an analysis of white socialization. She describes how race shapes the lives of white people, explains what makes racism so hard for whites to see, identifies common white racial patterns, and speaks back to popular white narratives that work to deny racism. Written as an accessible introduction to white identity from an anti-racist framework, *What Does It Mean To Be White?* is an invaluable resource for members of diversity and anti-racism programs and study groups and students of sociology, psychology, education, and other disciplines.

Editorial Review

Review

«Rarely will one find an analysis of whiteness (and the problems associated with it) that is as comprehensive as this one. From incisive and wide-ranging critiques of how white folks deflect, deny, and evade the topic of racism, and the implications of our own racial identity and position, to an absolutely on-point interrogation of how racism and whiteness influence white teachers-in-training, and thus, the larger educational process, Robin DiAngelo demonstrates the kind of clarity of thought so needed on this important subject.» (Tim Wise, Author of ‘White Like Me: Reflections on Race from a Privileged Son’ and ‘Dear White America: Letter to a New Minority’)

«This book goes well beyond Diversity Training 101. It is filled with comprehensive knowledge and useful tools for understanding racism and white people’s role in it. An invaluable resource for every educator, student, practitioner, and concerned citizen; you will be better prepared to address all forms of oppression after reading this book.» (Eddie Moore, Founder of The White Privilege Conference)

«With directness, sensitivity, and clarity, Robin DiAngelo leads the reader through a series of challenging and revelatory discussions that have profound implications for teaching and learning in today’s classrooms. Her question, ‘What does it mean to be white?’, underscores the pressing need for honest dialogue, particularly among white educators, about this tremendously important topic. I hope every teacher has the opportunity to read this book. Both they, and the students they teach, will be the better for it.» (Sonia Nieto, Professor Emerita, Language, Literacy, and Culture, School of Education, University of Massachusetts and Author of ‘The Light in Their Eyes: Creating Multicultural Learning Communities’)

About the Author

Robin DiAngelo is a faculty member in the Department of Education at Westfield State University in Massachusetts. Her research is in whiteness studies and discourse analysis. She is concerned with the challenges of an increasingly white teaching force and an increasingly diverse student population. Her articles have appeared in the *Journal of Understanding and Dismantling Privilege*, *International Journal of Critical Pedagogy*, and *Equity & Excellence in Education*. She has twice been honored with the Student’s Choice Award for Educator of the Year. She has provided diversity and anti-racism training for a wide range of organizations, including the City of Seattle.

Users Review

From reader reviews:

Edward Foland:

Do you have favorite book? When you have, what is your favorite's book? E-book is very important thing for us to learn everything in the world. Each book has different aim or perhaps goal; it means that book has different type. Some people sense enjoy to spend their time and energy to read a book. They are reading whatever they take because their hobby is actually reading a book. Think about the person who don't like examining a book? Sometime, person feel need book if they found difficult problem or exercise. Well, probably you should have this What Does It Mean to Be White?: Developing White Racial Literacy (Counterpoints).
