## From Formalism to Weak Form: The Architecture and Philosophy of Peter Eisenman (Ashgate Studies in Architecture) By Stefano Corbo

Eisenman has always been deeply interested in the problem of form in architecture and has constantly challenged the classical concept of it. He tried to connect his own work with the cultural manifestations of the time: firstly under the influence of Colin Rowe and his formalist studies; secondly, by re-interpreting Chomsky's linguistic theories; in the 80's, by collaborating with Derrida and his de-constructivist approach; more recently by discovering Henri Bergson's idea of Time. Taking a multi-disciplinary approach based on the intersections between architecture and philosophy, this book investigates all these definitions and, in doing so, provides new insights into and a deeper understanding of the complexity of Eisenman's work.

### **Editorial Review**

#### **Review**

'Despite his significant impact on architecture through both built and theoretical works, most studies of Peter Eisenman's career focus on either one aspect or the other. In From Formalism to Weak Form: The Architecture and Philosophy of Peter Eisenman, Stefano Corbo attempts to redress this balance, connecting themes in the design and the theory of the influential architect across the many stages of his 50-year career.'

#### **About the Author**

Stefano Corbo is an Italian architect and researcher at ETSAM Madrid (Escuela Técnica Superior de Arquitectura), where in 2010 he received a MArch II in Advanced Architectural Design; at the same Institute he is currently a PhD Candidate, with a dissertation entitled: 'Archaeology of Infrastructures: A conceptual cartography'. Stefano Corbo has worked as Assistant Professor at the Faculty of Architecture in Alghero, Italy, and lectured at the ETSAM, University of Miami, and University of Wisconsin. In 2012, after collaborating with Mecanoo Architects (Delft, Netherlands), he founded his own office: SCSTUDIO Architecture and Design ([www.scstudio.eu](http://www.scstudio.eu)), a multidisciplinary network practicing architecture and design, preoccupied with intellectual, economical and cultural context. He has contributed to several journals (Mark, CIRCO, CLOG, Il Giornale dell'Architettura, Dichotomy, Studio Magazine, Tremors) and his projects have been published worldwide.

### **Users Review**

#### **From reader reviews:**

#### **Gracie Davis:**
