Editorial Review

Review

Amazon.com Reviews:

"Erich has the ability to break the subject down into workable pieces. He blends the musical theory with practical demonstrations that enables you to understand the various basic skills. His use of videos and written material is well thought out. All you have to do is practice. This ebook is a great place to start learning the guitar. It's also an excellent refresher to review your skills." - Henry

"This is an excellent book, with lots of encouragement from the author for the student. He has solid advice for everything except what to do about my small hands!... I recommend this book for beginning to intermediate guitar students." - G-MAn, "Gary"

From the Back Cover

Guitar Mastery Simplified unlocks the quickest, step-by-step, full-proof system for mastering the guitar. Quickly tame left and right hand techniques like the masters and know EXACTLY where to play on the neck for melodies and rhythms. As the title states, the information in this book will FINALLY simplify your mastery of the guitar. Erich's unique teaching methods have made possible what was not possible before to millions of players throughout the globe. Whether you are a beginner, intermediate or advanced guitarist, the methods and paths chosen in this book will create immense breakthroughs even if you have studied this instrument before.

About the Author

Erich began playing guitar at age 14 on a VERY "affordable" nylon-string student guitar. He started playing by ear, but then took one-on-one lessons with teachers throughout his hometown. Entering college as a classical guitar major, Erich changed his major 3 years later to music business when he moved to Nashville Tennessee and graduated from Belmont University. Erich began teaching in high school and continued throughout college because of his love of the instrument and his passion for helping people. Throughout nearly 3 decades of teaching and study, he has discovered and simplified methods for mastering technique and theory from the perspective of the learning student, NOT from the perspective of the frustrated teacher. Erich has taught millions of players around the world that once thought they were unteachable. He still teaches one-on-one lessons, writes books about music, loves to travel, do yoga, enjoys the outdoors and is a big supporter of animal welfare.

Users Review

From reader reviews:

Jill Williams:
