Editorial Review

Review

For both people and machines, each in their own way, there is a serious problem in common of making sense out of what they hear, see, or are told about the world. The conceptual apparatus necessary to perform even a partial feat of understanding is formidable and fascinating. Our analysis of this apparatus is what this book is about.

—**Roger C. Schank and Robert P. Abelson**

from the Introduction

Users Review

From reader reviews:

Angela Jones:

In this 21st centuries, people become competitive in every way. By being competitive at this point, people have do something to make these people survives, being in the middle of the crowded place and notice by simply surrounding. One thing that at times many people have underestimated this for a while is reading. Sure, by reading a e-book your ability to survive enhance then having chance to stand than other is high.
