A Girl's Guide to Landing a Greek God (The Mythmakers Trilogy) By Bill Fuller

When Angie's big fat Greek wedding goes bust, her grandmother sends her on a trip to Greece with the instruction to set sail on a mysterious fishing boat that will take her to an uncharted island. Waiting for her at the dock is Milos, who's charming and handsome and confesses he's been crushing on her for years, even though he's never met her. He also tells her he's a descendant of the original Gods of Olympus, who are plotting their return to power.

Before she can say "Oh my God," Angie is flying a winged horse alongside Milos and finding love in his arms. But there's one little hitch: Milos's elders are forcing him to marry a malevolent goddess named Electra to fulfill their plan. If Angie is to have any hope of hanging onto Milos, she'll have to battle monsters, both reptilian and lipsticked; uncover secrets about her past; and go toe-to-toe with Zeus himself, whose recipe for world domination doesn't call for a sassy girl from the outer boroughs.

Editorial Review

Review

"Well, snap! The first thing to jump out at me about this book was that it was genuinely funny.

Not 'trying to be funny' or 'laugh a minute', but genuinely and sincerely hilarious. The main character Angie is lovable and tough, she has the same insecurities as most larger ladies and the resilient attitude to deal with them all which makes her instantly a girl I know that I'd get on with in the real world if I met her. Perhaps a little sexist of me, but I was very much impressed that a male author was able to fit that degree of believable femininity into his main character (ok, definitely sexist of me but I liked how insightful he was). I did worry, once it had been mentioned a couple of time that she was from Queens, that she was going to be a bit of a caricature of sassiness, but she was perfection itself: whatever she did in this book, you just wanted her to win.

Angie was able to hold her own against everything the Greek pantheon was able to throw at her with fabulously good humour but without being unrealistically calm about recently discovering that the gods really did exist, had intimate ties to her family and were in fact considering world domination. Knowing that this book is the first in a trilogy makes me very excited to read what comes next as I feel that now the base of characters have been introduced, shit is going to go DOWN.

Milos, our chiseled and neurotic love interest was a little.... erm.... limp for my tastes. I infinitely preferred his delightfully camp and compassionate brother, who has a great depth of character waiting to be described in the next novel. That's not to say that Milos wasn't a perfect role for this story, it's just that I wouldn't ride a winged horse into a soiree of angry deities for him myself.

The story itself is captivating, with a nice blend of mystery, mythology and unconventional romance - once I started, I couldn't put this book down! The ending was perfect, I'm eternally grateful that it leaves you wanting more without the cruel torment of a cliffhanger. I'm sure I've mentioned my hatred of cliffhangers before.... seems like the kind of thing I would have ranted about in the past.

This story didn't stick too closely with the mythology, giving all of the characters of a godly persuasion a lot of leeway as to personality however that did help keep the storyline fresh and unpredictable to those among us who are up to date on our Greek mythology (I blame my recent obsession with all things Greek gods on Eva Vanrell, author of *The Butterfly Crest*)

If you're looking for wit, romance, fun and a no-nonsense heroine, then this is definitely the book for you!"

The Most Sublime Things Blog

"You thought you loved *Mamma Mia* and *My Big Fat Greek Wedding*? Pour yourself some ouzo and prepare to be wowed by *A Girl's Guide to Landing a Greek God*. This book is laugh-out-loud funny, romantic as all get-out, and amazingly inventive. You'll cheer for Angie and Milos as they teach both gods and humans what real love is all about. And I bet you'll let loose with a whoop or two for Bill Fuller, who's an author to watch."

Diana Dempsey, author of *Falling Star*

About the Author

Bill Fuller has spent nearly thirty years as a television writer and producer on shows such as *Newhart*, *Night Court*, *Living Single* and *Hope & Faith*, working closely with Queen Latifah, Kelly Ripa and Bob Newhart,

among others. Before that, he indulged his passion for writing with stints in public relations and newspaper reporting.

He took his first stab at writing at the age of eight when he dug out his Crayolas and wrote a sequel to *Mary Poppins*. He eventually traded it to a friend for three packs of Batman cards, but the fire had been lit. Years later, when he was an undergraduate at Notre Dame, he got wind of the real-life romance involving the legendary Irish halfback, George Gipp, and never quite got it out of his head. So a few years ago, he decided it was time he put his fingers to the keyboard and tell the tale, which became his first novel, *The Forever Year*. He's since written one more novel, *A Girl's Guide to Landing a Greek God*, which won the 2016 National Indie Excellence Award, and is hard at work on the second book in that series.

He lives in Redondo Beach, California, but still holds his hometown of Warren, Ohio, close to his heart.
