Crime Victims: An Introduction to Victimology By Andrew Karmen

A first in the field when initially published and now a true classic, CRIME VICTIMS: AN INTRODUCTION TO VICTIMOLOGY, Ninth Edition offers the most comprehensive and balanced exploration of victimology available today. The author examines the victims' plight, carefully placing statistics from the FBI's Uniform Crime Report and Bureau of Justice Statistics National Crime Victimization Survey in context. At the same time, he "humanizes" victims' stories through compelling case studies. The text systematically investigates how victims are currently handled by the criminal justice system, analyzes the goals of the victims' rights movement, and discusses what the future is likely to hold. This Ninth Edition presents current coverage of the seriousness of intimate partner violence, child abuse, sexual assaults in the U.S. military, acquaintance rapes on college campuses, shootings on campuses, whether arming for self-protection is an effective strategy, and similar high-profile issues. It also includes new information about "survivorology" and "bystanderology" as well as new material on practical issues facing victims.

Editorial Review

About the Author

Andrew Karmen has been a professor in the Sociology Department at John Jay College of Criminal Justice since 1978. He has taught courses on a wide range of subjects including general sociology, criminal justice, criminology, crime and justice in New York City, drug abuse, delinquency, social problems, race relations, research methods, statistics, and victimology. He has previously served as the coordinator of both the criminology and criminal justice undergraduate majors, the co-director of the master's program in criminal justice, and as a member of the doctoral faculty. Dr. Karmen has written journal articles and chapters in books on a number of subjects, including drug abuse, police use of deadly force, auto theft, providing defense attorneys to indigents, victims' rights, the victimization of women, and predictions about the plight of crime victims in the future. His investigation of why crime rates rise and fall, **NEW YORK MURDER MYSTERY: THE TRUE STORY BEHIND THE CRIME CRASH OF THE 1990s**, (NYU Press, paperback edition 2006) unearths statistical evidence that casts doubt on most of the widely held beliefs about the reasons for the dramatic improvement in public safety in New York City. In 2012, Dr. Karmen was awarded a Certificate of Appreciation by the World Society Of Victimology.
