Guardian Angels: True Stories of Answered Prayers By Joan Wester Anderson

These remarkable stories of answered prayers remind us that we are never alone

In this inspiring collection, the work of angels takes many forms, including miracles, healings, and heavenly visitations. These events all convey a single, urgent, and loving message: God answers prayer. "There's real power in prayer," writes beloved New York Times best-selling author Joan Wester Anderson. "We can trust that God's intense love for us will carry us through." Help is at hand when we need it most.

Anderson's astonishing first-hand accounts testify to the hope that prayer offers: a dying infant inexplicably recovers after an encounter with a mysterious visitor; a long-lost son suddenly returns home for Christmas; a young man drowning in an icy river unaccountably finds himself on shore; a grieving widow, alone and far from home, receives comfort and counsel from angels in disguise. These stories and dozens of others reveal the care of a loving God who touches the most intimate parts of our hearts.

Editorial Review

From Publishers Weekly

This collection of stories about amazing things that happened when people prayed is the most recent addition to Anderson's series of popular books about angels, miracles and other wonders. Some of the accounts in *Guardian Angels* were previously published in *Angels We Have Heard on High*, but Anderson has added new ones. The most fascinating—and goose-bump producing—involve incidents in which people in distress receive comfort or aid from figures who later mysteriously disappear or entire buildings that seem to vanish after an angelic encounter. In one story, a woman gets through a difficult night in the hospital nursing her sick baby because her younger sister comes to help her. Later, when she thanks her, the sister is puzzled because she wasn't at the hospital that night. Anderson's stories are related through the eyes of faith, and she has written them to convey a message about prayer and its importance in today's world. She also urges readers to make prayer a more significant part of their lives. Believers in the power of prayer and angelic visitations who delight in reading "evidence" of the supernatural will especially enjoy this book. (Sept.)
