Mind Play By Mark Wiseman

All kinds of people are secretly (or not so secretly) fascinated by the erotic possibilities of hypnosis. Many of us know that hypnosis doesn't really have the kind of mind-melting power we see in movies. Still, we can't help but get turned on at the thought of either controlling someone, or being controlled by someone, into doing things we've been told we shouldn't do ... but really, inside, kind of want to.

In this book, professional hypnotist and hypnoerotic fiction writer Mark Wiseman (known online as Wiseguy) will teach you how to put your partner into a hypnotic trance safely and effectively. Then the fun begins as you learn how to:

- Create or intensify arousal and desire
- Turn their entire body into an erogenous zone eager for your touch
- Get kinky with hypnotic bondage, flogging, or tickling
- Give them intense pleasure using his Five-Point Palm Exploding Orgasm technique
- and more!

Mind Play will teach you what you need to know to become a skilled, responsible, ethical erotic hypnotist.

Editorial Review

From the Author

Do you tend to lean forward and pay extra close attention when a movie or TV show you're watching starts a hypnosis scene? Are you curious about the potential for using hypnosis in a sexual relationship but don't quite know how to find out about it? Do you aspire to be an erotic hypnotist, giving people pleasure through your words and suggestions? Or do you perhaps fantasize about being the one who gets hypnotized?

If you answered "yes" to any of the above, then this book was written for you.

There is a growing community of people like you and me who practice erotic hypnosis. One of my joys is sharing what I know, as a professional hypnotist and a longtime author of hypnoerotic fiction, with others in the community. *Mind Play* compiles everything you need to get started enjoying erotic hypnosis, from either side of the watch, and points you to places where you can learn even more when you reach the last pages.

Enjoy!
