Practical Ophthalmology: A Manual for Beginning Residents By Fred M. Wilson

An essential survival manual for new residents transitioning into their ophthalmology residency. Covers each element of a thorough ophthalmic examination, organized in the order in which each element is usually performed. Concise explanations are complemented with 39 informative tables, instructions for 58 specific testing and examination techniques, and more than 200 photographs and illustrations. "Pitfalls and Pointers" at the end of each chapter presents tips for avoiding or resolving common problems in many subject areas.
