Editorial Review

Review

In a world full of theory and unapplied academics, Chicken Tractor shines as a sterling example of a practical prototype developed by dirt-under-the-fingernails, creative thinkers. The simple elegance in design and description challenge me afresh to smack my forehead and exclaim now why didn't I think of that! In our efforts to bring new paradigms to poultry production, we share a common vision, a brand-new ethics of excellence for proper models, delicious food and local profit potentials. Joel Salatin Author and Lunatic Farmer --Joel Salatin, Polyface Farm

The information in Chicken Tractor is clearly based on a life full of practical farming experience and experimentation. Andy and Pat generously share with you their hard-earned knowledge. You can't get enough of this kind of information. This down-to-earth, unpretentious style helps make the Chicken Tractor a readable and often humorous book. Karen Di Franza The Natural Farmer --The Natural Farmer

Changing climate patterns and chemically contaminated foods are making homegrown food incredibly valuable. The old-fashioned practice of raising a few chickens in the backyard is coming back into vogue. Chicken Tractor shows how easy and profitable it can be to add chickens to your growing season. Gene Logsdon Author, Contrary Farmer --Gene Logsdon, Author & Contrary Farmer

About the Author

Andy Lee is an internationally known speaker and writer on sustainable agriculture, appropriate housing, rural economic development, and cottage-industry strategies. His work has appeared in magazines such as BackHome Magazine, Organic Gardening, Country Journal, Newsweek and Vegetarian Times. Andy graduated from the Permaculture Institute in Tyalgum, New South Wales, Australia, and has taught permaculture, market gardening and housing design and building. Patricia Foreman graduated from Purdue University with degrees in Pharmacy and Agriculture (Animal Science, genetics and nutrition). At Indiana University's Graduate School of Public and Environmental Affairs she earned a Master of Public Affairs (MPA). Her majors were in Health Systems Administration and International Affairs. She completed the Virginia Master Gardener's program in 1999. Pat's many awards include a Fulbright Scholarship, and an appointment as a Presidential Executive Management Intern. She served as a Science Officer for the United Nations in Vienna, Austria, and has worked in over 30 countries conducting workshops and providing consulting services. Pat loves to talk and is co-host of the internationally broadcast Chicken Whisperer Backyard Poultry and Sustainable Lifestyles Talk Show. She has been a guest on radio talk shows across America. Pat is available to facilitate workshops, give presentations, and provide consulting services.

Users Review

From reader reviews:

Derek Wire:

What do you with regards to book? It is not important to you? Or just adding material if you want something to explain what you problem? How about your extra time? Or are you busy particular person? If you don't have spare time to perform others business, it is gives you the sense of being bored faster. And you have spare time? What did you do? Everyone has many questions above. They should answer that question since

just their can do that will. It said that about reserve. Book is familiar on every person. Yes, it is appropriate. Because start from on kindergarten until university need this particular Chicken Tractor: The Permaculture Guide to Happy Hens and Healthy Soil, Homestead (3rd) Edition to read.

Allen Goehring:
