Editorial Review

Review

Praise for the previous edition:

"This volume is so crammed with examples from across the centuries that it is a pleasure to browse through its pages."--*The Guardian*

Review

'This is in many respects a really excellent book. The range of coverage is impressive, there is a strong emphasis on primary sources, and the material is clearly explained and presented in a format which assumes no prior knowledge. The treatment of spelling and punctuation change is particularly good, and there are many interesting and useful activities.' - Carole Hough, University of Glasgow, UK

'This study is an excellent textbook not only for English majors but for linguistic students of other languages as well who can benefit highly from a comparative perspective and tracing patterns of developments that took place in

the English language. The activities offered at the end of each chapter are highly beneficial allowing readers to deepen their understanding of the contents of the chapters. The texts offer valuable explanation of the chronicles. It is

an in depth study of the evolving variations in language over time and an insightful analysis of the development of the English language.' - Zeinab Ibrahim, The American University in Cairo

Review of the previous edition:

'This volume is so crammed with examples from across the centuries that it is a pleasure to browse through its pages.' - *The Guardian*

About the Author

DENNIS FREEBORN was Head of Language Studies at the College of Ripon and York St. John, UK, until 1984, and was Chief Examiner in English Language Studies for the London University Schools Examinations Board. He is the author of *A Course Book in English Grammar* and *Varieties of English*, both also published by Palgrave Macmillan.

Users Review
