### How The Mighty Fall By Jim Collins

Decline can be avoided. Decline can be detected. Decline can be reversed. Amidst the desolate landscape of fallen great companies, Jim Collins began to wonder: How do the mighty fall? Can decline be detected early and avoided? How far can a company fall before the path toward doom becomes inevitable and unshakable? How can companies reverse course? In *How the Mighty Fall*, Collins confronts these questions, offering leaders the well-founded hope that they can learn how to stave off decline and, if they find themselves falling, reverse their course. Collins' research project-more than four years in duration-uncovered five step-wise stages of decline
