The Jakarta Pandemic By Steven Konkoly

By the USA Today bestselling author of *The Perseid Collapse* series!

THE JAKARTA PANDEMIC:

Cases of a highly lethal virus appear in major cities around the globe. Most ignore the warning signs.

Alex Fletcher, Iraq War veteran, has read the signs for years. With his family and home prepared to endure an extended period of seclusion, Alex thinks he's ready for the pandemic. ***He's not even close.***

The unstoppable H16N1 virus rapidly spreads across the United States, stretching the fragile bonds of society to the breaking point. Schools close, grocery stores empty, fuel deliveries stop, hospitals start turning away the sick...riots engulf the cities. As hostility and mistrust engulfs his idyllic Maine neighborhood, Alex quickly realizes that the H16N1 virus will be the least of his problems.

*****The sequel, *The Perseid Collapse*, is now available*****

"It delivers a vicious punch of violence and heroism for the reader to endure and admire. I could hardly put *The Jakarta Pandemic* down until I finished it." - Amazon Reviewer (2012)

"The tension builds as difficult choices are made, when no good options seem to be available. I found certain segments to be uncomfortably realistic, at times creepy in the way you could feel things closing in around the family." - Amazon Reviewer (2013)

"It makes you think just how prepared you really are for any kind of emergency. It makes you question your resolve in a potential crisis. How far are you willing to go to protect your loved ones? Every day that goes by, these characters have to question what is right and what is wrong. Take the trip thru this book. You won't be disappointed." - Amazon Reviewer (2013)

"Pay attention as you may learn a few things in this book that could help you

make the best of an emergency situation. For that matter some of the info in this book may very well save your life." - Amazon Reviewer (2013)

"Anyone who has relished running to the hardware store before a big storm to stock up on essentials will be drawn to Steve Konkoly's intricately-researched and drawn breakdown of our supply systems, and transfixed by his description of what it takes to survive six months of enforced isolation behind the locked (booby-trapped, draped and shuttered) doors of one's own home." - Amazon Reviewer (2011)

"I found the setting to be a refreshing change from other PA novels. Stories in this genre tend to focus on the world at large or center on a group of people traveling on a journey to find safe harbor. This novel centers on one family hunkered down in their home and how they interact with their neighbors on their street. I was quite impressed with the level of research put into this novel, the author clearly did his homework." - Richard Stephenson, author of the critically acclaimed New America series.

Editorial Review

Review

"Nobody writes breakneck-paced thrill rides like Konkoly. There are few in the genre who can do it like he does!" Russell Blake, bestselling author of The Voynich Cypher, King of Swords and Zero Sum.

About the Author

Steven graduated from the United States Naval Academy in 1993, receiving a bachelor of science in English literature. He served the next eight years on active duty, traveling the world as a naval officer assigned to various Navy and Marine Corps units. His extensive journey spanned the globe, including a two-year tour of duty in Japan and travel to more than twenty countries throughout Asia and the Middle East.

From enforcing United Nations sanctions against Iraq as a maritime boarding officer in the Arabian Gulf, to directing aircraft bombing runs and naval gunfire strikes as a Forward Air Controller (FAC) assigned to a specialized Marine Corps unit, Steven's "in-house" experience with a wide range of regular and elite military units brings a unique authenticity to his thrillers.

He lives with his family in central Indiana, where he still wakes up at "zero dark thirty" to write for most of the day. When "off duty," he spends as much time as possible outdoors or travelling with his family--and dog.

Steven is the bestselling THRILLER author of ten novels and several novellas, including a commissioned trilogy of novellas based on the popular Wayward Pines series. His canon of thrillers includes the popular Black Flagged Series, a gritty, no-holds barred covert operations and espionage saga; The Perseid Collapse series, a tense thriller epic chronicling the events surrounding an inconceivable attack on the United States; and The Fractured State series, a near-future thriller trilogy set in the drought ravaged southwest

He is an active member of the International Thriller Writers (ITW) and Science Fiction and Fantasy Writers of America (SFWA) organizations.
