The Wicker Man Chronicles: Surviving America's Summersisle By Steve A. Walker

What if everything you had been programmed to believe since childhood proved to be a lie? What if those lies were programmed into your brain such that you were not aware of them but they subconsciously controlled your beliefs and actions? After years of mental anguish, you discover that you are little more than a puppet and puppet masters pull your strings to make you do their bidding. You are trapped in a nightmarish world that is methodically destroying you but you cannot escape. You watch helplessly as your life and dreams crumble. You want to escape the nightmare but don't know how. So you humbly submit to your fate as an expendable puppet. The author found himself in this situation but resolved to escape his cruel fate. As he relates the details of his bizarre, tragic and funny journey of self discovery and ultimate redemption, he explains the extreme actions he had to take in order to escape his cruel fate. The author pulls no punches when describing the puppet masters who tried their best to manipulate him for their own selfish ends. This is an inspiring story of desolation and ultimate redemption that clearly illustrates how to escape your past and your demons and chart a new, fulfilling life that is worth living.

Editorial Review

About the Author

Steve Walker was born and raised in Long Beach, CA. He spent his first ten school years in Catholic schools. He left home at seventeen and lived on his own until he got drafted into the military and was sent to Vietnam. He survived a year of combat and came back to earn a B.S. Engineering at Cal. Poly State University, Pomona and an M.S. Engineering at UCLA. He worked for thirty-eight years as an engineer but his first love was always writing. He has written many short stories but this is his first full length book. He lives with his wife of thirty-nine years in Orange County, CA.

Users Review

From reader reviews:

Edward Bastian:
