From the Author

This is my attempt to clarify what natural options are out there for moderate ED (erectile dysfunction), male infertility issues and what the literature says about those options.

I see so many of these patients mistreated or improperly diagnosed (IMHO), or give Adderall when they should have been given testosterone, that I have long felt the need to write this little book. It's also a GREAT companion to my IMPROVING MALE SEXUALITY, FERTILITY AND TESTOSTERONE, and my PROGRA120 MALE HANDBOOK B.

WE dive deeper and you should too -- we like to deal with the root causes -- and hopefully this hacks away at those roots slightly.

Thanks for reading.

From the Back Cover

Suffering from Erectile Dysfunction or MaleInfertility?

- Then have you ever had your intracellular vitamins tested?
- Or your hormones optimized?
- Do you know what an optimized level of testosterone is for a man your age and is it even safe to take? How should you take it? What are the side effects?
- Do you or your doctor even know what a "normal" level of Total Testosterone is?
- How do you reverse ED? Is there even a way?
- Does your doctor know any of these tips and tricks or have they even suggested any of these?

Well Dr Dan Purser, physician educator (yes, he educates the doctors) and SEVEN TIME #1 Authorknows

all these answers (and more) and he shares them in this great little book on erectile dysfunction.

- Dive deeper and learn which hormones YOU need and why. Which vitamins, minerals or amino acids you're REALLY deficient in and how to take them.

No stone unturned, Dr Purser attacks the problem of erectile dysfunction and natural treatments at the roots -- and reverses it with fun and pleasure making you feel awesome in the process.
