Moments Lost and Found By Olivia Jake

Picking up where **IN THE MOMENT** left off, the adventure with Sam and Laurent continues in Paris. Like most everything with Laurent so far, Sam experiences more emotions and sensations than ever before. The highs are so high, but the lows are perilously low. For someone who had always charted her own path, Sam finds that this new course with Laurent is both exhilarating and terrifying, the scariest part being that her entire life starts to revolve around him. He's not just her boyfriend, but her biggest client, too. As Sam tries to balance the two, one thing becomes clear: in order to protect her career, she must diversify. She simply can't have all her eggs in the Laurent Román basket.

But Laurent is a successful man with a past, and with that comes enemies. It isn't until it's too late that Sam learns the new account she just landed will force her to choose between career and love.
