The Walt Disney Empire? Completely perverted. You can see this with a simple Google search or maybe you have noticed the sexual undertones in every Disney movie.

This book is broken into two parts. The Kindle edition (and you don't need a kindle) will give you key links and allow you to view more than just a book but a journey into the head of Walt Disney. When you begin to see the cons it will open your mind to all the others that are on the planet today.
