### **A Brief Justification of My Intentions by Adam Weishaupt: Adam Weishaupt Speaks Out in His Own Defence** By Adam Weishaupt

For the first time in publishing history, Adam Weishaupt's defence of his motives and actions appears here in the English language. Translated from the original German by literary scholar, Dr. Tony Page, this book (together with its companion volume, 'Supplement to the Justification of My Intentions' - also now available) allows Weishaupt himself to address the slurs and slanders that were disseminated about him in his own time and ours. Weishaupt scotches some of the basest rumours (e.g. that he was guilty of incest) and frankly admits his faults and failings, while passionately defending the moral and social good he was attempting to bring into being through his Order of the Illuminati. Although not without his flaws, Weishaupt comes across as a man of essential integrity and benevolent intentions, who has been vilified for far too long. This is a book which justice demands should be read!
