**Albert & Jakobiec's Principles & Practice of Ophthalmology: 4-Volume Set (Expert Consult - Online and Print), 3e** By Daniel M. Albert MD MS, Joan W. Miller MD, Dimitri T. Azar MD, Barbara A. Blodi MD

Inside the 3rd edition of this esteemed masterwork, hundreds of the most distinguished authorities from around the world provide today's best answers to every question that arises in your practice. They deliver in-depth guidance on new diagnostic approaches, operative technique, and treatment option, as well as cogent explanations of every new scientific concept and its clinical importance. With its new streamlined, more user-friendly, full-color format - as well as access to the complete contents online - this 3rd edition makes reference much faster, easier, and more versatile. More than ever, it's the source you need to efficiently and confidently overcome any clinical challenge you may face.

- Comprehensive, authoritative, and richly illustrated coverage of every scientific and clinical principle in ophthalmology ensures that you will always be able to find the guidance you need to diagnose and manage your patients' ocular problems and meet today's standards of care.
- Updates include completely new sections on "Refractive Surgery" and "Ethics and Professionalism"... an updated and expanded "Geneitics" section... an updated "Retina" section featuring OCT imaging and new drug therapies for macular degeneration... and many other important new developments that affect your patient care.
- A streamlined format (now four volumes instead of six) and a new, more user-friendly full-color design - with many at-a-glance summary tables, algorithms, boxes, diagrams, and thousands of phenomenal color illustrations - allows you to locate the assistance you need more rapidly than ever.
- Access to the complete contents of the four-volume set online - with rapid search capabilities and downloadable illustrations - enables you to quickly and powerfully reference the material from any computer.

Your purchase entitles you to access the web site until the next edition is

published, or until the current edition is no longer offered for sale by Elsevier, whichever occurs first. If the next edition is published less than one year after your purchase, you will be entitled to online access for one year from your date of purchase. Elsevier reserves the right to offer a suitable replacement product (such as a downloadable or CD-ROM-based electronic version) should access to the web site be discontinued.

## Editorial Review

### Review

Reviews are of the last edition: "The reference by which other ophthalmology texts are judged." ? *Archives of Ophthalmology* "The current standard in comprehensive ophthalmology textbooks." ? *JAMA* "A magnificent encyclopedic work...A ready source of information when getting ready to perform a seldom-done surgical procedure or when stumped with an unusual clinical problem." ? *Survey of Ophthalmology*

"This is a wonderful set of volumes with top quality in their coverage of current ophthalmology, a valuable addition to the library of all ophthalmologists." *Graefe's Archive for Clinical and Experimental Ophthalmology, September 2009*

"In 1994, Daniel M. Albert and Frederik A. Jakobiec produced the first edition of this award-winning and esteemed masterwork, which is used by the ophthalmic community worldwide as reference. The third edition... is a 4-volume, 5502-page update of this magnificent encyclopedic work. A highpoint of this new edition is the website access...this is a wonderful set of volumes with top quality in their coverage of current ophthalmology, a valuable addition to the library of all ophthalmologists." – **Springer: Graefes Arch Clin Exp Ophthalmol (2009) 247:1437–1438**

## Users Review

### From reader reviews:

#### William Perez:

As people who live in often the modest era should be update about what going on or details even knowledge to make these individuals keep up with the era that is certainly always change and move forward. Some of you maybe will probably update themselves by examining books. It is a good choice for yourself but the problems coming to you actually is you don't know what kind you should start with. This Albert & Jakobiec's Principles & Practice of Ophthalmology: 4-Volume Set (Expert Consult - Online and Print), 3e is our recommendation to help you keep up with the world. Why, as this book serves what you want and need in this era.

#### Mavis Strain:

Playing with family in a very park, coming to see the marine world or hanging out with close friends is thing that usually you might have done when you have spare time, after that why you don't try issue that really opposite from that. One activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with.
