Anunnaki vs. the Cosmic Conscious Collective By Nye Hale

Licking his wounds from a painful divorce, Ray Providence, professor of archaeology, embarks on a solo cross-country bicycle trip. Unexpectedly, a flash of light from a nearby Arizona mesa throws him into the past, present, and future. The discoveries that he makes in the legendary Agarthan civilization inside the center of the earth—the Hollow Earth—are mind-blowing. His fragile reality unravels. Hidden truths lurk under the surface. The truth why humans exist is shocking; even more shocking is the truth about what is in store for them. Humanity balances on the thin threads of destiny to shared fates. The circle of life completes the shared fates of salvation if the surface world joins their cosmic conscious collective. Is mankind ready for a new awakening? The Anunnaki, our malevolent creators and masters, are coming. Planet Nibiru, home of the Anunnaki, is hurtling towards earth. Can human beings stop them . . . ?
