Editorial Review

From [Booklist](#)

Loeb, Marvel's go-to guy for massive superhero chaos, is the ideal philosophical match for the Hulk. Just as the Hulk's strength grows more catastrophic the angrier he gets, Loeb's stories escalate in destruction and guest stars (Iron Man, Thor, and Wolverine, to name just a fraction) with each page. McGuinness' art is likewise suitable to the scale of the action, given its immense and solid figures, which possess a rounded and bulbous cartoonishness that refreshingly does not conform to the modern manga-suggestive standard. Loeb ostensibly hangs his tale on a mystery, as with his Batman stories *Hush* (2003) and *Long Halloween* (2007), as the heroes pursue the identity of the Hulk's murderous red doppelgänger. What you don't get here is a solution, as the mystery gimmick must support the numerous battles that are contained in forthcoming entries. What you do get is large-scale superhero action that will please those looking for a widescreen extravaganza without too much story but with loads and loads of energy. Grades 6-12. --Jesse Karp

Users Review

From reader reviews:

Ruth Irizarry:

Do you have favorite book? When you have, what is your favorite's book? Book is very important thing for us to know everything in the world. Each book has different aim or goal; it means that book has different type. Some people really feel enjoy to spend their time and energy to read a book. They are really reading whatever they acquire because their hobby is usually reading a book. What about the person who don't like reading a book? Sometime, man feel need book after they found difficult problem or maybe exercise. Well, probably you will need this Hulk, Vol. 1: Red Hulk.

Lisa Cook:
