Ella's Will By Jessilyn Stewart Peaslee

Will Hawkins is just a simple stable boy. How can he ever hope to woo Ella, his once-wealthy childhood friend who is stubbornly independent, especially when his competition is the prince? Without any magic or fairy godmothers, Will must show Ella that he is her true prince charming in this perspective twist of the Cinderella story.

Editorial Review

Review

I really liked the twist on Cinderella that Peaslee presents in Ella's Will. I realize that there is another book called Ella which I haven't read that probably tells the same story from Ella's point of view. I have to say though that I kind of fell in love with Will, Ella's friend. I am one of those people who prefers her heroes to be honestly good and Will definitely is good. How many people would help the person they love go to a ball to fall in love with someone else? That takes real selflessness, not that Will doesn't wrestle with that decision, after all, he wants more than anything to rescue Ella from her horrible situation and marry her. But he decides that the prince has a better chance of success than he, so he does everything in his power to help Ella, despite the pain that causes himself. It's nice to read a YA book that has a sweet friendship and romance without any of the sordidness that often comes with a book that focuses more on the physical aspects of a relationship rather than the emotional. I can heartily recommend this book to those who like me, enjoy their heroes being good, and a sweet clean romance as well as fairy tale retellings with a twist. --Amazon

This is how the story should have always been. I loved Ella, but I love Ella's Will in a different way. I went into "Ella's Will" thinking I knew the story but the author takes you places you haven't been, at least I hadn't been there before. There are insights into human nature that are explained from different points of view, in enlightening ways. In reading "Ella's Will" I realized how much I needed to read or see or know people with character, morals, ethics, that were unselfish and sincerely kind, someone who knows what "true love" really means. --Amazon

This is a companion novel to Ella, also by Jessilyn Stewart Peaslee. While both books adapt the classic Cinderella tale, this one is told from a male perspective, which becomes evident in the way the character's thoughts turn to the lady he loves, as well as the masculine things he notices. The author did a good job differentiating the voice from the previous novel, which was told from Ella's perspective. The voice in Ella's Will has a wry wit, making the novel read like a romantic comedy at times, and also includes many heartwarming moments. The tension in the plot and love story is well timed, and the romance is just as delicious as it is in the first novel. A truly enjoyable read! --Amazon

About the Author

JESSILYN STEWART PEASLEE graduated with a BA in English from Brigham Young University in 2004. She loved taking creative writing classes, and was particularly fond of the works of Shakespeare, Jane Austen, and the Bronte sisters. She also studied French and the humanities. Jessilyn grew up in the beautiful deserts of Southern California and now resides in the shadow of the Utah Rocky Mountains with her husband and five boys.

Users Review

From reader reviews:
