Pregnancy Childbirth and the Newborn: The Complete Guide By Penny Simkin, Janet Whalley, Ann Keppler

If you buy only one childbirth book, this is the one...It is the comprehensive, authoritative book which gives you a wealth of information about pregnancy, birth, the postpartum period and how to care for your newborn baby. The Most Complete: covers all aspects of childbearing from conception through early infancy. It tells what to expect during pregnancy and birth and how to work with your carers to make it a happy and healthy experience. The Most Authoritative, Yet Easy-to Use: a well organised book for easy reading and quick reference. More than 60 charts and 190 photographs clarify the information. The Most Up to Date: fully revised to present the latest, most effective self-help comfort measures and emotional support measures for use during labour.

Editorial Review

From the Publisher

If you only buy one childbirth book, this is the one...

The most complete. It covers all aspects of childbearing from conception through early infancy. It includes information on what to expect during pregnancy and birth and how you can work with your caregivers to make childbirth a happy and healthy experience.

The easiest to use. It is well organized for easy reading and quick reference. There are more than 45 charts and 150 photographs and illustrations to clarify the information-more graphic aids than any other childbirth book.

The most up-to-date. It includes the latest information on clinical tests and procedures in pregnancy, childbirth, and early infancy. It also covers concerns regarding the emotional aspects of childbearing, the partner's role, comfort measures, high-risk pregnancies, medications, vaginal birth after cesarean, breastfeeding, and understanding infant behavior.

About the Author

Top authors are all experienced working medical staff and educators associated with the Childbirth Education Association of Seattle.

Users Review

From reader reviews:

Nancy Smith:

Now a day people who Living in the era where everything reachable by talk with the internet and the resources inside it can be true or not call for people to be aware of each data they get. Crystal Dewitt:

Your reading 6th sense will not betray you actually, why because this Pregnancy Childbirth and the Newborn: The Complete Guide publication written by well-known writer who really knows well how to make book that can be understand by anyone who have read the book. Written with good manner for you, still dripping wet every ideas and composing skill only for eliminate your personal hunger then you still question Pregnancy Childbirth and the Newborn: The Complete Guide as good book but not only by the cover but also through the content. This is one publication that can break don't determine book by its deal with, so do you still needing an additional sixth sense to pick this!? Oh come on your examining sixth sense already told you so why you have to listening to one more sixth sense.

Michael Mitchell:

As a university student exactly feel bored to help reading. If their teacher requested them to go to the library or even make summary for some reserve, they are complained. Just minor students that has reading's heart or real their interest. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that looking at is not important, boring and can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Pregnancy Childbirth and the Newborn: The Complete Guide can make you truly feel more interested to read.
