## **Editorial Review**

From Publishers Weekly

Habermas, who has written several apologetic works on the resurrection, and Licona, a speaker and budding New Testament scholar who was once Habermas's student, offer a comprehensive and far-reaching argument for the historical veracity of Christ's resurrection. In fact, at times it is too far-reaching, as when the authors digress into refutations of Mormonism, alien activity and Elvis sightings; this book would be much improved if it had been trimmed by about a third. Many evangelicals will appreciate the authors' broad evidentiary claims and marshalling of historical, theological, archaeological, biomedical and literary data to support their belief in the resurrection. Yet despite its strong content, the book is poorly written, and is organized in a workmanlike outline format that seems more appropriate for a seminary lecture than a seamless book. A closing chapter offers practical tips for evangelical Christians who wish to share their faith with others. Copyright © Reed Business Information, a division of Reed Elsevier Inc. Review

Carolyn Keefe *Church and Synagogue Library Association* : "This outstanding teaching tool has multiple uses for church congregants: individual or small group study, visitation and evangelism preparation, church school elective courses, and theological fortification of secular university students. In addition, it provides stimulating study for pastors who have not taken an apologetics course in seminary or who need a refresher."

L.R.K. *Church Libraries* : You will find this book to be the most practical and reader-friendly book in defense of Jesus' resurrection on the market today.

From the Publisher

The review in PUBLISHERS WEEKLY for Gary Habermas's and Michael Licona's CASE FOR THE RESURRECTION OF JESUS, which appears on your website, was based on the unedited manuscript. In the process of editing, the "workmanlike outline format" was deleted in order to make it a seamless book. The book also boasts a free interactive CD in a game show format.

Many thanks for making this clarification. Jim Weaver Kregel Publications

## **Users Review**

**From reader reviews:**

**Dale Winsett:**

What do you think about book? It is just for students since they are still students or the idea for all people in the world, what best subject for that? Merely you can be answered for that query above. Every person has different personality and hobby for every single other. Don't to be forced someone or something that they don't need do that.
