## **Woman's Life in Colonial Days** By Carl Holliday

This book is an attempt to portray by means of the writings of colonial days the life of the women of that period,—how they lived, what their work and their play, what and how they thought and felt, their strength and their weakness, the joys and the sorrows of their everyday existence. Through such an attempt perhaps we can more nearly understand how and why the American woman is what she is to-day. For a long time to come, one of the principal reasons for the study of the writings of America will lie, not in their intrinsic merit alone, but in their revelations of American life, ideals, aspirations, and social and intellectual endeavors. We Americans need what Professor Shorey has called "the controlling consciousness of tradition." We have not sufficiently regarded the bond that connects our present institutions with their origins in the days of our forefathers. That is one of the main purposes of this study, and the author believes that through contributions of such a character he can render the national intellectual spirit at least as valuable a service as he could through a study of some legend of ancient Britain or some epic of an extinct race. As Mr. Percy Boynton has said, "To foster in a whole generation some clear recognition of other qualities in America than its bigness, and of other distinctions between the past and the present than that they are far apart is to contribute towards the consciousness of a national individuality which is the first essential of national life.... We must put our minds upon ourselves, we must look to our past and to our present, and then intelligently to our future."

##### **Cynthia Bryant:**

As a pupil exactly feel bored in order to reading. If their teacher requested them to go to the library or even make summary for some publication, they are complained. Just small students that has reading's soul or real their leisure activity. They just do what the professor want, like asked to the library. They go to generally there but nothing reading really. Any students feel that studying is not important, boring and also can't see

colorful photos on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Woman's Life in Colonial Days can make you experience more interested to read.
