### Bismarck And The German Empire By Dr. Erich Eyck

FOR MOST people Bismarck is the man of “blood and iron”; he coined the phrase himself and he lived up to it. But he was much more; he had an intellectual ascendancy over all the politicians of his day, and his superiority was acknowledged not only by his own people, but by all European statesmen.

The unification of Germany, the defeat of Austria, the fall of the Second Empire, the defeat of France, the alliance of the German Empire and the Habsburg Monarchy, the dismemberment of Denmark—these are his most obvious achievements; no less important was the transformation in the national consciousness of the German people, for which Bismarck was also responsible. Dr. Eyck has analyzed not only the personality but also the accomplishments of a statesman whose influence on Europe in the latter half of the nineteenth century was more far-reaching than that of any other man in his time.-Print ed.

“Authoritative, illuminating and easy to read....Dr. Eyck, in his excellent book, has exposed the many fallacies of which Bismarck legend is compounded. His analysis is tragic and austere.”?The Observer

### **Editorial Review**

#### **From the Back Cover**

The unification of Germany, the defeat of Austria, the fall of the Second Empire, the defeat of France, the alliance of the German Empire and the Habsburg Monarchy, the dismemberment of Denmark--these are his most obvious achievements; no less important was the transformation in the national consciousness of the German people, for which Bismarck was also responsible.

#### **About the Author**

Erick Eyck (1878–1964) was born in Berlin and educated at the Universities of Berlin and Freiburg. He made his career in law, serving in the Court of Appeals, as a legal correspondent, and as a City Councillor in Charlottenberg and Berlin. In 1937 Dr. Eyck emigrated to England, where he lectured at the Universities of London and Oxford and turned to the writing of history. This volume is based on a series of lectures delivered at Oxford and also on Dr. Eyck's monumental three-volume study Bismarck.

### **Users Review**
