I Remember You: A Ghost Story By Yrsa Sigurdardottir

I Remember You won the Icelandic Crime Fiction Award and also was nominated for The Glass Key Award.

In this terrifying tale, three friends set to work renovating a rundown house in a remote, totally isolated location. But they soon realize they are not as alone as they thought. Something wants them to leave. Meanwhile, in a nearby town, a young doctor investigating the suicide of an elderly woman discovers that she was obsessed with his vanished son. When the two stories collide, the shocking truth becomes horribly clear.

In the vein of Stephen King and John Ajvide Lindqvist partly based on a true story, is the scariest novel yet from Yrsa Sigurdardóttir, who has captivated the attention of readers around the world with her mystery series featuring attorney Thora Gudmundsdóttir. Now, Yrsa will stun readers once again with this out-of-this-world ghost story that will leave you shivering.

Editorial Review

From [Booklist](#)

Starred Review In a departure from her series featuring lawyer Thora Gudmundsdottir, Iceland's queen of suspense combines modern crime detection with mysticism to chilling effect. The sense of foreboding starts early, as married couple Katrin and Gardar, along with Lif, the widow of Gardar's best friend, travel from Reykjavik to isolated Hesteyri to renovate the old house they've bought to turn into a guesthouse. Concerns about finances and the viability of the project pale as something about the house makes the trio want to leave it. Across the fjord, psychiatrist Freyr starts working with police on the unlikely connection between an elderly suicide victim and a six-year-old boy who disappeared three years earlier and was never found. Inevitably the two plotlines collide, revealing human behavior and failings—lies, betrayals, assaults, murder—that explain only part of what has happened from a time decades earlier to the present. Sigurdardottir skillfully builds the early ominous warnings to the point that readers find themselves shouting to Katrin to cut her losses and go home, as the unexplained becomes terrifying. Nordic mystery writers can raise goosebumps as few others can, and Sigurdardottir shows she's one of the best. --Michele Leber

Review

“*I Remember You* ranks among the scariest, right up there with the best of Stephen King and Peter Straub. It's that good. And that scary. And, ultimately, that moving.” *?EarlyWord*

“Sigurdardottir combines an intricate mystery with a very frightening ghost story.” *?RT Book Reviews*

“A multilayered tale that builds slowly--the use of smells is especially effective--but drives to a shattering climax that honors the traditions of both detective fiction and ghost stories.” *?Kirkus Reviews*

“Genuinely bone chilling, and proves that as well as being the Queen of Icelandic crime fiction, Sigurdardóttir is a generator of fear quite as adroit as such writers as Stephen King.” *?The Independent (UK)*

“A chiller-thriller of immense scariness.” *?The Times (UK)*

About the Author
