Official Certified Ethical Hacker Review Guide: For Version 7.1 (with Premium Website Printed Access Card and CertBlaster Test Prep Software Printed Access Card) (EC-Council Press) By Steven DeFino, Larry Greenblatt

OFFICIAL CERTIFIED ETHICAL HACKER REVIEW GUIDE: FOR VERSION 7.1 is a valuable resource to help you pursue the most recognized, respected hacking certification in the world. As experienced instructors of the International Council of Electronic Commerce Consultants (EC-Council), the authors draw on firsthand experience training top-caliber information security professionals for success on the council's Certified Ethical Hacker (CEH) exam. The only exam review guide officially endorsed by the EC-Council, this proven resource focuses on the core concepts that are covered on the newest certification course (version 7.1), as well as a wide array of useful learning tools, including chapter objectives, step-by-step tutorials, "Try it Out" exercises and challenges, , group discussion topics, short lab examples, and practice exam questions and answers with explanations. The official CEH course teaches the latest hacking techniques, exploits, automated programs, and defensive recommendations, preparing students to audit organizations' protection of their information assets through a deep understanding of the methodologies and tools of the attack process. This official CEH Exam review guide can be used to either preview and prepare for this comprehensive course or review afterwards to prepare for the challenging exam. It is the perfect complement that gives any student a real advantage toward success with this certification.

Buffer Overflows. 15. Cryptography. 16. Penetration Testing.

About the Author

Steven DeFino travels the United States as the Director of Information Security and Networking for Training Camp. DeFino has been teaching technical and management classes since 1998 covering topics such as Cisco, Linux, Web Application Design and project management, drawing on firsthand experience from his 25-year career in the field. His success as an information security educator includes recognition as EC-Council "Instructor of the Year" for 2006 and 2009 and EC-Council "Certificate of Excellence" winner in 2008 and 2010. He has authored or maintained curricula for over 30 courses and is a frequent contributor to blogs and other professional resources.

Larry Greenblatt has been in the information technology industry for nearly 30 years as a consultant and instructor. In addition to being a respected information security educator, Larry is an accomplished martial artist with five black belts. He drew on this experience to create the Cyber Kung Fu training program, which has earned him over a dozen challenge coins from a number of U.S. agencies, including all major branches of the U.S. Military.

Users Review

From reader reviews:

Teddy Hathorn:

As people who live in typically the modest era should be revise about what going on or data even knowledge to make all of them keep up with the era which can be always change and progress. Some of you maybe will update themselves by reading through books. It is a good choice for you personally but the problems coming to you actually is you don't know what type you should start with.
