This is not a get-rich-quick book, but it will tell you how to be a millionaire in 3-7 years. There are 12 inspirational stories of everyday people from all backgrounds, from people with graduate degrees to high school dropouts, and from yard guys to corporate professionals. The only thing they all have in common is that they've put \$1,000,000 in the bank (or will shortly). Part I is about how to pick a tried and true business model that you know works, and then how to find the help you need to get started. Part II is about money: how to find it, how to spend it, and how to save it. Part III is about the basic sales and marketing skills critical to starting your business. Lastly, Part IV is about the personal skills critical to maintaining your business. You don't have to stop at one business or \$1,000,000. But this book is where you start.

#### From the Back Cover

Anyone can make enough to save \$1,000,000 in 3-7 years. Most self-made millionaires are made through business ownership. Many people think about owning a business but never take action because they don't have an idea, they don't have the money, and flat just don't know how. This is a practical book to teach you how to find, start, finance, and get free advice to own and grow your own business. For example, a yardman with no money was worth over \$9,000,000 in 7 years after buying a nursery and growing his business. There are many more stories and lessons, including how the author went from bankrupt to having his first million dollars in 3 1/2 years. This book will change your perspective and put you on the path to financial independence.

## About the Author

Entrepreneur-investor Michael L. F. Slavin is president of U.S. Emerald Energy, an oil and gas exploration company. While his current ventures have brought him personal and financial success, that wasn't always the case.

The seven years prior to founding U.S. Emerald in 1992 were Mike's "in-between" years: in-between jobs, in-between businesses, in-between homes, in-between broke and just over broke. During this time, he held various positions as a headhunter, an insurance salesman, a self-employed mergers and acquisitions consultant, and the CEO of a title company.

Before going into the private sector, Mike served for ten years in the U.S. Army, first as an infantry officer and then as an aviation officer. He commanded two aviation units, served as an aide to the President of the United States during a state visit, and flew scouting missions over the Korean DMZ. Today, Mike is passionate about giving back to his community and creating and sharing resources that help entrepreneurs succeed. He serves on the board of the charity Justice for Children and writes and speaks about entrepreneurship to a variety of audiences.

Mike was raised by his grandparents in St. Joseph, Missouri. They taught him about hard work, thrift, sacrifice, and love. He achieved his childhood dream of entering West Point, graduating with an engineering degree in 1975. He later earned a master's in management from Troy State University. Mike lives in Houston with Won, his wife of over thirty years.
